

**I edited this pattern from my collection of vintage patterns to include information about the original thread and where to buy substitutions. I also included a pattern using UK terms for all my overseas friends. The US terms section is a vintage pattern and out of copyright in the US. Feel free to use it any way you want. You may edit it, change it, and create items for both personal and business uses. The only thing I ask is that you not include the UK portion in any books you offer for sale.**

**MATERIALS Per Doll.**

**J. & P. COATS KNIT-CRO-SHEEN, 1 ball of White or any color.**

**I remember this thread, but wasn't sure what size it was. So I looked it up.**

**So we should be able to use any size 10/bedspread cotton thread.**

**1 yard narrow velvet ribbon.**

**The original pattern did not include a list of stitches used, so I included them.**

**I also did my best to change the pattern into UK crochet terms and include both.**
